

Why Choose Cigna Healthcare?

Our roots in insurance date back over 230 years, with a focus on health care for over 100 years.

For almost 15 years, our dedicated unit has provided specialized individual health insurance to globally mobile individuals in 200 countries and jurisdictions worldwide.

We are licenced in approximately 30 countries, enabling us to operate globally and serve customers across the world.

Cigna Healthcare is an advocate for better health through every stage of life.

We empower our customers to make the best choices for improving their health and vitality.

Support for you and your customers

We encourage our customers to use their insurance where needed – claiming will not impact their renewal price.

You will receive personalised support from our Broker Sales and Support team.

Our plans have no age limit, customers can apply for or renew their plans at any age.

We have an extensive global medical network of 1.5 million hospitals and health care professionals.

We offer flexible and customisable plans for each customer's individual needs.

Our in-house team of clinical experts are always available to guide our customers through their health care journey.
